# St. Francis Inn

**The St. Francis Inn Offers a Great Promotion  
Through *Select Registry*!**

**St. Augustine, Florida (October, 2018)**      The historic *St. Francis Inn* (circa 1791) has been a proud member of *Select Registry* for the past 18 years ~ a network of exceptional hotel & inn properties that offer outstanding accommodations and one-of-a-kind experiences. (see *Select Registry* information below). The St. Francis Inn offers, along with all of the other *Select Registry* properties, a *Select Rewards Loyalty Program* ~ to earn \$100 certificates toward future stays.

When you register in the *Select Rewards Program*, guests earn one point for each night you stay at one of the properties. If you stay (12) nights in

a 24-month period, you receive a \$100 certificate that is redeemable at any Select Registry boutique hotel or inn! It's as easy as 1-2-3!

*Select Registry* is an association of independently minded owners, innkeepers and general managers that share a similar 'spirit and enthusiasm for personalized service + a quality hospitality experience'!

*Joe Finnegan*, owner of the *St. Francis Inn* enjoys encouraging travel among the *Select Registry* properties, knowing he can trust others to also treat their guests as if they were staying in their own home, maintaining the highest standards of *Select Registry*. With \$100 or more to use toward a future stay, travelers can experience the *Select* properties to a favorite historic member.

*"Being a member of Select Registry, Distinguished Inns of America, an association of 300+ unique Inns, B&Bs and Boutique Hotels, is an honor of which we are very proud. All members are required to participate in a quality assurance program with challenging standards that assures our guests of an exceptional experience when they stay at the St. Francis Inn. As a Select Registry branded Bed & Breakfast, we share a common value of quality, service, authenticity and community. We have passed the most comprehensive quality inspection in the industry!"*

*In an increasingly impersonal world, we offer a Warm Welcome, Southern-style buffet breakfast and an opportunity to mingle with your fellow travelers in the dining room OR relax in the sanctuary of your own private room or suite. And when you stay at our Inn, there is a kiosk at the front desk for guests to register their nights' stay with Select Registry!* Joe Finnegan.

#### **ABOUT SELECT REGISTRY:**

For 50+ years, *Select Registry* has worked to create a network of exceptional properties that offer outstanding accommodations and one-of-a-kind experiences. Staying in one of our properties guarantees that you will have top-notch service in a gorgeous setting. *Select Registry* and our lodgings share a passion for exceptional hospitality and an appreciation for local culture. With locations in Canada, Europe and across the U.S., our upscale properties come in numerous forms, including ranches, manors & mansions, bed & breakfast inn, boutique hotels and luxury cabins.

We are a step above the rest and steeped in local culture. Our properties are entirely unique to their region. *Select Registry* acts as a personalized guide to help you identify the property and destination that is best suited for you, based on your individual taste. We hand-select

our members to ensure that they offer an incredible travel experience and visitors can browse our properties based on this information.

From outdoor adventures to blissful relaxation, discover numerous lodging options with first-class spa services. We're dedicated to recognizing properties that are an 'integral' part of their region. Each property is authentic and unique to its area where guests can experience local culture. [www.selectregistry.com](http://www.selectregistry.com)
